Leningrad Residents Conscripted To Work On Defences Of City

Repeated German-Finnish Attacks On Kare-
lian Isthmus Broken Up—Heavy Casual-
ties Inflicted By Russian Forces

MOSCOW, June 30.—(AP)—All able-bodied citizens
of Leningrad and surrounding towns were conscripted
today for work on the city's defences.

The conscription decree issued by the Leningrad Soviet
called on all men from 16 to 60 and all women from 16 to 45,
excepting only those already doing national defence work
in factories or elsewhere.

Persons not already employed are required to work
eight hours a day on the defences; others three hours
after their regular working day is ended.

MOSCOW, June 30.—(BUP)—The Red army was re-
ported officially today to be fighting furiously against
German mechanized thrusts on the central and southern
fronts and to have hurled back repeated attacks by sea and
by land on the northern Finnish front where the enemy left
300 dead on one battlefield.

The war communique, which yesterday derided
German claims of destruction as "humbug," today made
a general statement on stubborn fighting continued
on the vital Minsk front (protecting the road to Mos-
cow), on the Ukrainian front of Luch and to the south, and
in the area of Dvinsk, in the Lithuanian sector.

In the north, however, the Rus-
sians said that big casualties had
been inflicted on the German-Fin-
nish forces in repeated attacks on
the Karelian Isthmus, protecting the
great industrial city of Leningrad,
and that enemy units attempting to
land by sea at Viipuri (Viborg) had
been destroyed.

REPLY TO NAZI CLAIMS

In reply to German claims that
more than 4,000 Russian airplanes
had been destroyed and that the
Luftwaffe had mastery of the air,
the communique added that 50 Ger-

man aircraft were shot down on
Sunday during battles as compared
to 21 Russian planes.

"On June 29th, the enemy per-
sistently and repeatedly tried to
cross the border on the Karelian
Isthmus," the communique said,
"but invariably was forced to with-
draw with great losses owing to the
fire and counterattacks of our troops."

German Spokesman Claims Troops Capture Minsk, Are Half Way To Russ Capital

BERLIN, June 30.—(AP)—A German military spokes-
man today claimed German troops have captured Minsk and
are almost half way along the 450-mile road from Minsk
to Moscow.

The spokesman asserted Minsk
was in German hands shortly
after the highest command claimed
capture of Lwow, on the lower
Polish front, and Lithuanian La-
va, on the Baltic Sea.

The spokesman claimed a big
pocket was being formed around
Russian troops in the Smolensk
region, 200 miles east of Minsk.

The high command bulletin
claiming the capture of the La-
va port was preceded by another
that a Soviet division near the
Baltic coast had been encircled by
a new German northward push
into Lithuania and Latvia.

"The ring is a narrow and tight
around the Red army forces on the
Baltic front, D.N.B. German news
and propaganda agency, claimed."

Grenades—From Canadian Workshops To The Army

Hand and rifle grenades today feature on the ever-increasing list of weapons of war produced in Canada. In the right hand photo a young worker applies varnish to the centre pieces of the grenades. At bottom left an experienced veteran has turned from peacetime work to that of gauging grenades. In upper photo, at left, soldiers in training at Camp Borden, are shown throwing Canadian-made grenades during mock battle manoeuvres.

R.A.F. Batters Nazi Cities In Day Raids

LONDON, June 30.—(CP)—A series of five day raids on German cities reported that Royal Air Force heavy bombers had attacked the docks at Kiel, German naval base, in the second of two day-light raids upon Germany today.

LONDON, June 30.—(CP)—Royal Air Force bombers roared into a daylight offensive today against the north-west German cities of Bremen and Oldenburg, the air ministry announced, and battered at German shipping and a German island base off Holland.

Two German ships, of 6,000 and 2,000 tons, were set afire and believed to have been sunk from a convoy off the island of Nordsee by R.A.F. explosives.

The docks and radio station on the Nazi-controlled Netherlands island of Texel also were attacked and, southwest of the island, a patrol ship was reported "bombed and destroyed."

RESUMED IN EVENING

One German fighter plane was downed in the night, while the raiders escaped unscathed.

R.A.F. bombers resumed operations this evening against French bases across the channel, raiding the French coast between Boulogne and Calais for more than half an hour.

Heavy bomb explosions echoed across the misty channel.

Mackenzie Holds U.K. Conferences

LONDON, June 30.—(CP)—Home Secretary, James MacKenzie, today conferred with Herbert Morrison, minister of home security, on air and precautions problems. It was the first of a series of conferences Mr. MacKenzie will have with members of the British cabinet.

The Canadian minister plans to depart with officers of Mr. Morrison's department and later in the week to meet the ministers and officials in charge of the pensions and agriculture departments.

Yesterday, Mr. MacKenzie visited former Prime Minister R. B. Bennett, now named Viscount, and Lt.-Gen. A. G. L. McNaghlin, Commander of the Canadian Corps.

Vichy's Desert Stronghold Of Palmyra Is Surrounded By Allies, Cairo Announces

CAIRO, June 30.—(AP)—The British Middle East command announced today that Allied forces have completed the encirclement of Palmyra, Vichy's stronghold in the Syrian desert.

"In the Damascus and coastal sectors," a communique said, "farther advances have been made in the central sector, the situation remains unchanged."

A fierce desert air battle, in which Australian fighters, British fighters, and American fighters, vanquished American-made Vichy bombers over central Syria, and new heavy bombing of North Africa bases were announced yesterday.

The Italian General at Benghazi and Tripoli were "heavily bombed," with many hit on the breakwaters. All British planes came away unscathed.

In Front Line Of War CANADIANS AT TOBRUK

Men From Dominion Patrol Sea On Fringe Of Desert Battlefield

Richard D. McMillan, British United Press staff correspondent, who has covered the greatest battles of the war, including the battles of France, Britain, the Mediterranean, and the Middle East, and took part in the great operations of Tobruk and Greece, has just reached the besieged British fortress of Tobruk. In the following, his first dispatch from the front, he tells of the role Canadians are playing in its defence.—EDITOR

By RICHARD D. McMILLAN

TOBRUK, June 30.—(BUP)—Canada is in the front line of the war in the western desert. Canadian anti-aircraft gunners are "counter-battling" German Stuka dive bombers and Canadian war officers are patrolling the sea on the fringe of the desert battlefield.

It was kind of a Canadian patrol boat which I came after running the blockade into Tobruk. I heard of the exploits of a Canadian sailor, Lieutenant, Bob MacMillan, of Charlottetown, P.E.I., master of a little Canadian ship which was in the sea.

Bob MacMillan, who was the first of the Canadian naval garrison to arrive here.

We have several ships manned by Canadians. Not only in the sea, and a mixture of English and Scots crews. He told me. During the night, we patrol along the coast, hunting enemy shipping, submarines and mines, and by day the men "ack-ack" at the harbor defence batteries.

"We have had six raids since March 2, but there have been only 80 casualties, of which half are on hospital ships."

Bob MacMillan's ship brought down one Stuka which was diving the hospital area.

Fifty other enemy planes took part in the attack on the harbor and transformed it into a roaring cauldron. In subsequent attacks, the ship's ack-ack fire accounted for four more Stukas which were downed.

Mackenzie King Warns Nazi Menace Closing In On West Hemisphere

VANCOUVER, June 30.—(CP)—Warning that the "Nazi menace" is creeping closer to the western hemisphere, Prime Minister Mackenzie King disclosed today that the naval battle in which H.M.S. Hood was sunk by the German battleship Bismarck took place just off the coast of Greenland and the German submarines have followed in her wake to infest the very waters that harbors we have looked upon as the surest protection to our eastern coasts.

"Having seen the area of conflict spread month by month, we cannot but feel that our imagination, no thoughtful man can continue to doubt that the entire world is closing in on the western hemisphere," the prime minister said.

He drew a plain illustration of the Vancouver Board of Trade, Canadian Club, various chambers of commerce and the Trades and Labor Council.

"Mr. King, who arrived here today for a three-day visit on the Pacific coast, declared that 'unless the Nazi can be turned back, we shall face tomorrow a battle of hemispheres.'"

If that comes about, the whole western hemisphere will soon be an armed camp," he said. "For years to come all our energies will be swayed in constant war, or in preparation for the renewal of war."

BOMBED, SHELLED, MACHINE-GUNNED AND MINED

Ten of Dover Patrol Have Difficult Task

Sweep the Mines, Repair The Buoys, Chart Wrecks in Patrol Along Channel

By HAROLD DINGMAN
DOVER, June 30.—(BUP)—They are men of guts, the men of the Dover Patrol. Guts and courage and stamina. Up and down the straits of Dover and the English Channel there are jutting from the water, the wrecks of ships, great and small, of many nations. And in spite of these constant reminders, the men of Dover in their tiny ships, patrol ceaselessly day and night. They've been bombed, shelled, machine-gunned and mined.

Some mornings the fog hugs the cliffs like dense smoke over a vast factory district on a winter day. They go to sea anyway, to sweep the mines, repair the buoys, to dispose of wrecks and chart the wrecks.

War Punishment For Man's Sins Pontiff States

VATICAN CITY, June 29.—(AP)—Pope Pius XII, for the first time, attributed the war Sunday to the hand of Divine Providence as punishment for the sins of mankind. He did not specifically mention the Russian-German conflict.

In a radio broadcast to the world, the pope said that to trust in God, who would restore "justice, calm and peace" in his own time, "that he has not yet decided to loose for a moment on humanity."

Wodehouse Chided For Broadcasting Nazi Propaganda

LONDON, June 30.—(CP)—The Daily Express and the Mirror chided P. G. Wodehouse Saturday for broadcasting to America for Nazis. The author has been released from internment and is living at the Adlon hotel in Berlin.

"Wodehouse won't like it, Mr. Wodehouse," said the Daily Express in an article by Paul Holt. The writer wondered if Wodehouse had stopped writing for the Nazis because they are not being entertained by the Nazis.

However, the article continued, such hospitality likely "would be extended to any British writer who came to the air to America with a message that life in Germany is a good life."

Mr. Holt went on with the poem "Private of the Bull's" ending, "I will know that not through my pen shall England come to shame."

"I lived luxuriously because British soldiers were sent to the front," he said. "I was out of my country's heart. Wodehouse is not ready to show her suffering."

Alberta District News In Brief

Flag Is Proof Of Fairview Success In Victory Loan

Flying high above the office of Victory Loan Unit Organizer L. A. Shearer, is a Victory Loan flag with six blue pennants, proud that Fairview pushed its set quota of \$15,000 to \$21,650, or more than 123 per cent above the set figure. The first pennants mark the fulfillment of the quota and the last pennants each 25 per cent above quota.

Bonds were purchased from Manager D. Mackie, of Fairview Rural Bank. Fred Mackenzie, secretary and Mr. Shearer, Fairview was the first point in the North Peace River area to reach and over-subscribe its objective.

Purchases in units of Fairview Peace River and Berwyn brought the North Peace area total to \$104,400. Subscriptions are Peace River, \$40,750; Fairview, \$31,850; Berwyn, \$32,000.

constant and inspector for the Rural Reduction Policy plan of the Federal government reported recently that applications of farmers in this district are in order, and that the citizens will be eligible for payment after July 1, 1941.

Farmers have signed affidavits stating they have completed summer fallow and pasture grain and grass seeding as set out in their applications.

Men Enlisted Via Railway Speeder

Owing to continuous rains encountered in the May 20th, 1941, the big light 180-ton train was delayed until Thursday. After being forced to abandon their car near Greenview, the party succeeded in reaching Blue Ridge by means of a railway speeder. Wednesday night where nine men were signed on for service.

The speeder was used again Thursday morning, bringing the party here before noon.

Those who left with the party Friday morning were: F. Proch, B. Holman, A. Tutty and Bobbie Jack.

Among those who enlisted previously were Roy Frye, Ed. Burch and Fred Orie. Both of these men have been taken military training.

Rains Decrease Fire Hazard In Northwest Area

Heavy rains during the past week, have effectively ended the fire hazard for the time being, and heavy new growth now coming out of the ground, has added in minimizing the hazard.

One result of the many fires which raged through the timberlands in this district, has been the destruction of a large part of the wild fruit crop for the current year. The timbered uplands south of the Jasper house, a favorite haunts of birds of berries-pouch of the past, shied at a mud hole and the youthful birds were left dazed with their wings and feet, and from where he slid down the hill, he was seen to be in the Fairview community hospital where he required seven stitches, the child is recovering.

20 Years Since Last Seen: Light To Be Used Again

Coronation city fathers have decided to turn on the bright light. The big light 180-ton train was delayed until Thursday. After being forced to abandon their car near Greenview, the party succeeded in reaching Blue Ridge by means of a railway speeder. Wednesday night where nine men were signed on for service.

Teacher Is Feted At Surprise Shower

A surprise shower was held at the residence of Mr. and Mrs. P. H. Ockenden, in the Greenwood district, recently, in honor of Miss Olive Goldsmith, local teacher, who is to be married George Carran, of Barrhead, Alberta, early in July.

Placed in a large box in the form of a three-tiered cake, gifts were presented by the Misses Nancy Chambers and Bella Sweet.

and bones were splintered in the upper jaw of Jimmy Pearson, seven-year-old son of Henry Pearson, farmer, three and one-half miles south of town, at Mines Creek, where a horse he had been riding kicked the lad, lastly this week.

The child was taken to a good pace, shied at a mud hole and the youthful birds were left dazed with their wings and feet, and from where he slid down the hill, he was seen to be in the Fairview community hospital where he required seven stitches, the child is recovering.

Sweet Pea King

Frederick has retained his title "Sweet Pea King of Red Deer" after having first blooms in the city this year. Mr. Arnold has his first flowers on June 22, which he says is four days later than in 1940.

Centenarians Visitor At Jasper

Recent visitor at Jasper Park was John James, (Grieg of Miami, Fla.), who was 100 years old. He was accompanied by Mrs. J. B. Ballinger, 73 years old, who was also 100 years old.

Mr. Grieg was interested in seeing the region which he knew well before the coming of steel.

"Only the mountains are the same," he said, "but the scenery is very much different."

He is good to see the mountains again," said this hearty pioneer who shared with Lewis Smith the honor of being among the first white settlers in Jasper Park.

Mr. Grieg visited the widow of Lewis Smith in Jasper at her home. Mr. Smith passed away in March, 1940, but his wife still makes her home in the Valley where she came as a bride 30 years ago.

Centenarians Mr. Jasper will were Frank Smith of Hinton and Robert James of Edmonton. Both of these men have been associated with Grieg in some of his later prospecting trips.

Crossfield Social Notes

In honor of Miss Gladys Billings, whose marriage will take place next week, Miss Patricia Walker and Miss Irene Walter entertained at a miscellaneous shower at the home of Mrs. J. B. Ballinger, Crossfield, recently. There were 30 guests present.

M. N. Jones, Crossfield agent of the Alberta Provincial Dealer and Mrs. Jones were at home to a number of guests on the occasion of the 10th anniversary of their wedding. Guests were played cards and the evening was a very pleasant one. Mrs. Jones were presented with a cake baked by the assembled guests.

The United Church parlor at Crossfield was the setting for a piano recital by the pupils of Mrs. E. W. Moore recently. At the end of the program which consisted of 12 recitals, Mrs. Moore presented with a vase by Mrs. A. E. Edmund on behalf of the mothers of the pupils.

The Saturday Night Review

Continued From Page Four

June 22nd, in this glorious year of 1941.

Now that we are allied with Soviet Russia in the attempt to destroy Nazism, Germany, it would be well, I think, to look back and closely at the association of Communism and Nazism, which is a fact of life.

There is absolutely no doubt that there is a feeling in the country, here in Canada and in the United States, that the clash between Hitler and Stalin is a sort of religious war, a struggle between good and evil, which we, as citizens, are bound to support.

Before we settle down too complacently to enjoy that gratifying spectacle, we should examine it very carefully.

The principles of Communism are doubtless deeply ingrained in a very great majority of our people. We are perfectly right to fight the Communists, and we are perfectly right to support the Russian people, who are being oppressed by the Communists.

There is no good reason to believe that Russian Communism has done us any great harm at all. It has done us no harm at all. It is true that there has been a certain amount of persecution from Moscow. It has not been considerable. Probably it has been greatly overestimated.

What there has been of it has been defensive rather than offensive.

Communist fever in Russia has been kept at boiling point by the circulation of the lie that the "capitalist nations" have been eager to destroy Bolshevism.

The Russians have been told that unless they converted the rest of the world to their peculiar political theories, the rest of the world would destroy them.

This outrageous story has been spread among the Russian people by the Russian propaganda machine.

We thought and spoke of Russian Communism in social rather than political terms. This had no result.

In the first place, it made Soviet Russia a religiously defensive in the well-known belief that every man's hand was turned against him.

In the second place, it threw away of our own people, who cherished some kind of a social conscience, into the open arms of what they foolishly believed was a gracious and exalted Communism.

When you go to a town square around an arm and leave it there until the crowd stops, that arm will be in the air. That is exactly what is going on with Russia and what we are doing.

WORLD CHAMPION

MISS MARGARET HAMMA, operating an IBM Electromatic Typewriter, established a new professional world's record of 149 words per minute for one hour.

The first half-hour of this performance won for her the amateur championship. These records were made in competition with 8 other professional contestants and 44 other amateur contestants from various parts of the United States and Canada. The competition was held under the auspices of the Ninth Annual International Commercial Schools Contest in Chicago, on June 19 and 20, 1941.

Lower Minimum For July Wheat

WINNIPEG, June 30.—(CP)—The Canadian Wheat Board announced today it has requested the Winnipeg Grain Exchange to establish a minimum price for the July wheat future at 70 cents a bushel. The board also announced that the exchange has been asked to lower the minimum price on July wheat from 77 1/2 cents a bushel to 70 cents. Both exchanges will become effective Wednesday following the Dominion Day holiday.

July has been the only wheat future traded on the Winnipeg Grain Exchange since the May option went off the board at the end of last month.

LONDON, June 30.—(CP)—British authorities are considering the status of Finland, which has been declared a neutral state in Russia. It was noted, however, that the Soviet ambassador still is in Helsinki.

Garrison Is Inspected By 6 500 Persons

More than 6,000 men, women and children attended the Edmonton Garrison Saturday to celebrate Army Day and see for themselves just what is being done by Canada's soldiers-in-training. The widespread response of men and women with surprising interest and gratifying, according to those in charge.

Starting at 9 a.m. there was a steady stream of visitors until after 3 p.m. Even after that, festivities continued with a session of King's College at 7 p.m.

Major John W. Fry and Mrs. Fry were among the visitors. Mr. Justice C. R. Mitchell of the Alberta supreme court, and many other officials prominent in various walks of life, also accepted the invitation to visit the garrison.

OLD SOLDIERS VISIT

Many old soldiers, who had

14-1918, the South African and her campaign, came to see what the New Army "was doing" unanimous opinion expressed by the "Old Guard" was that the sol-

"I am more than delighted with the reception given Army Day by the Edmonton public," said Lt. Col. Brown, M.M.E. ed. area commandant. "Not only did the large number who visited the garrison show gratifying, but the genuine interest displayed by all proved conclusively that there is a deep-seated interest here in the army."

Smoke Gets in Your Eyes, Nicht Wahr?—John Bull Bellows—Recent Photo of Russian Premier

Smoke, and plenty of it, billows from British cruiser Sheffield during recent battle maneuvers.

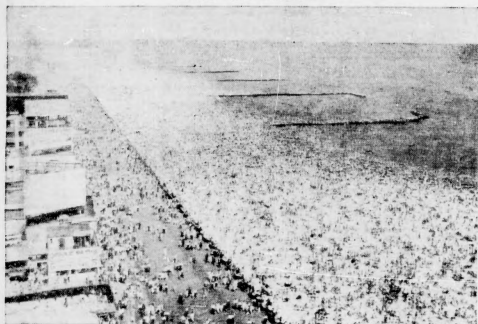

OFFENSE—Britain, backed up by United States production, is handing the Germans large doses of their own medicine. Sustained bombings of industrial areas and invasion coasts have done heavy damage. American bombers are helping, as witness the above picture. British caption says it shows a bomb bursting on the stern of a German ship in harbor of Tyboron, Denmark. Bomb was dropped from a Hudson-Lockheed equipped with the U.S. Sperry bomb sight from 8,000 feet — and only one salvo was required. Picture below shows German soldiers lined up in North Africa waiting for trip to British prison camp. Empire forces attacking into Libya claim to have inflicted heavy losses on the Axis before retiring to original positions.

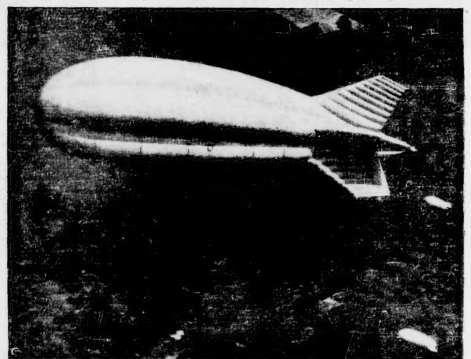

Premier Josef Stalin, dictator of the Soviet, was pictured recently while gesticulating during a speech in Moscow. This is comparatively rare, as Stalin rarely speaks in anything but a stolid fashion.

Ants On Relief

Here's a new angle on the crowd at Coney Island, as New York sweltered in a record, 94-degree heat. It was taken from the Parachute Jump, and the thousands of New York citizens seeking relief on Coney beach look like a large colony of ants.

The U.S. army and navy are reported to have contracted for the above type of six-lobed, 1,000-pound balloons. The giant "Strato-Sentinels" will be used to protect American cities in the event of air raids in the same way as the now famous London balloon barrage.

Wartime Legs

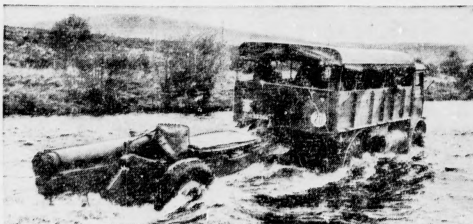

London miss gets painted legs because Adolf Hitler's sea raiders make stockings scarce. Right one is completed, even with painted seam.

After taking up the position allotted them and camouflaging their gun, this gun-crew of a Western Canada anti-tank regiment check up on their position on the map during recent manoeuvres of the 2nd division. Sgt. Harry Morgan, of Calgary, points out the spot to Gunners George Isaac of Acme, Alberta, Norman Wilbey, of Blackie, Alberta, Bill Siveill, of Montreal and Rod Stratton, of Westbourne, Man.

DEFENCE—Answer to lessening of German air raids on British Isles may lie in a hitherto secret device that warns of approaching planes many miles away. Sketch above shows how device probably works in simplified form. The directional beam aerial (1) sends radio waves into space. When these waves hit oncoming planes (2) they are reflected and picked up by a listening post (3). British know direction of sending wave and reflected wave, hence know direction of enemy planes. Since radio waves travel 186,000 miles per second, by figuring time required for wave to make round trip from directional beam aerial to planes and back to listening post, British can determine distance of planes from station. Fighter planes from nearby air fields (4) are ordered up to meet the attack before it can reach British shores. New picture below from Scotland shows artillerymen with tractor and six-inch gun fording a stream in defence manoeuvres as Britain hears Germans mass troops in Norway for possible invasion of land of heather and highlanders.

Luxury Liner In Her Service Uniform

Meet the U.S.S. West Point, Uncle Sam's newest troop transport. Does it look familiar? It's the famed luxury liner America, pictured steaming away from Newport News, Va., after being painted the new wartime gray.

Swiss-born Leonard Rhode, chef de cuisine at the Banff Springs Hotel in the Canadian Rockies, tries one of his own dishes in his mile-high kitchen. His long service with the Canadian Pacific hotels has given him many opportunities to prepare meals for famous personages. He cooked the dinner tendered the present Duke of Windsor at Government House at Winnipeg in 1919. He also prepared the dinner in the new Hotel Vancouver during the visit of King George and Queen Elizabeth in 1939.

British Economist Visits

Sir George Paish, noted economist who is now studying plans for the economic trend of the world after this war shall be won by the democracies, is shown above as he shook hands with Mayor Adhemar Raynault in the Montreal City Hall.
